DETAILED ACTION

1. Claims 1-31, 33, 35-38 and 40-45 are pending in this application.

Response to Amendment

2. Applicant's amendment filed 8/11/2006 in response to the previous Office Action (03/15/2006) is acknowledged. Rejections of claims 1-45 under 35 U.S.C. § 112, second paragraph (paragraphs 5-6) and first paragraph rejections (paragraphs 7-10) have been obviated. The prior art rejections under 35 U.S.C. 102(b) (items 11-16) have been obviated by a negative proviso, but said proviso is a new matter.

Information Disclosure Statement

3. Applicant's Information Disclosure Statement, filed on 8/11/2006 has been acknowledged. Please refer to Applicant's copies of the 1449 submitted herewith. The examiner also initialed a second page of the IDS submitted on 1/14/2004. The second page was not initialed previously.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-31, 33 and 35-38 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject

Art Unit: 1624

matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 1 and claims dependent thereon are rejected because the proviso in claim 1 "provided that when M is $-\text{C}(=\text{O})\text{R}^{\text{M}}$ is methyl,....., then Q is not sulfanyl" lacks description. Even a negative limitation requires description, *Ex Parte Grasselli*, 231 USPQ 393.

Claim Objections

5. Claim 36 is objected to under 37 CFR 1.75(c) as being in improper form because claim 36 multiply dependent on claim 35 and claim 1.
6. Claim 38 is objected to under 37 CFR 1.75(c) as being in improper form because claim 38 multiply dependent on claim 37 and claim 1.

Allowable Subject Matter

7. Claims 40-45 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1624

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
